

# Facials

*"All of our treatments begin with a thorough consultation and skin analysis to determine your individual needs and goals. Each facial includes a relaxing upper body massage and extractions if desired. We utilize gentle, non-invasive therapies such as LED lights, ultrasonic devices, guasha, and facial cupping to optimize skin health."*

## **AGE DEFENSE \$125**

As much as we try to prevent it, aging is an inevitable part of life. Fortunately, we have ingredients and tools available to slow the process down. Our signature facial combats fine lines and wrinkles, and encourages collagen and elastin production. Embrace the skin you're in and use nature's resources to age gracefully.

## **SEASONAL~WINTER \$115**

The drying effects of harsh wind and cold air can wreak havoc on our skin. Strong UV rays combined with continual temperature changes will cause anyone's skin to protest. Deep hydration and microbiome restoration are the goals of this facial.

## **BACK TREATMENT \$80**

Our backs are often neglected because they are difficult to reach and properly cleanse. This treatment will eliminate clogged pores and acne through a deep cleanse, exfoliation, massage, and purifying mask.

## **CBD \$120**

Clear your mind as well as your skin. Cannabidiol, or CBD, is a non-psychoactive component of the hemp plant.
